

Trojan Mustang Slimline Reverse Espag

**WINDOW
WARE**
We've got it

If you need a slimline locking gear box to face-mount onto narrow-profile aluminium or timber windows, look no further than the Trojan Mustang slimline reverse espag. With its slender design, the gear box can fit cavities just 6.5mm wide. What's more, its stainless steel construction and 10-year mechanical guarantee provides ultimate corrosion resistance and reliable, long-lasting performance.

Features:

- Unique face-mounted design for flat profiles without a Eurogroove
- Super slim offset gearbox ideal for narrow aluminium or timber casements
- Fitter-friendly one-piece assembly
- Twin reverse action cams deliver high-security locking
- Compression adjustment locking cams for a snug fit
- Available in 5, 7 & 8mm mushroom cam heights
- 21mm backset
- Made from 430 grade stainless steel with die cast zinc components in zinc passivate finish
- Available to suit sash sizes 335mm-1250mm
- Full range of mushroom keeps available

Specification:

- Tested to BS EN 1670. Exceeds grade 4 classification
- Tested to 30,000 cycles under operational load
- Tested to the equivalent of PAS 24 (BS 7950) as part of a window system

Trojan Mustang Slimline Reverse Espag
