

Yale Flush Sash Systems

This new high-security locking hardware from Yale has been specifically designed to fit modern flush sash systems, so homeowners can achieve the elegant, traditional looks they're after with the peace of mind, performance and convenience you'd expect from the world's most trusted lock manufacturer. Made in the UK to the highest specifications and covered by Yale's Lifetime Security Guarantee, this new lock features an extra cam which allows the window to be safely and securely partially opened on a 'night vent' position for improved ventilation.

Key features and benefits:

- Suitable for most uPVC standard and flush window systems
- Features an extra mushroom cam to **enable night vent position**
- Works with both the fast-fit and croppable gearboxes from Yale for ultimate flexibility
- Available with 7.7 or 9mm easily adjustable mushroom cams for **enhanced security and tight weather sealing**
- 20 and 22mm backsets
- Wide choice of keeps covers most profiles for **flexible usage**
- 4 crop-to-fit shootbolt sizes to achieve sash sizes 326 to 1420mm
- 7 non-croppable rod sizes to achieve sash sizes 522 to 1510mm

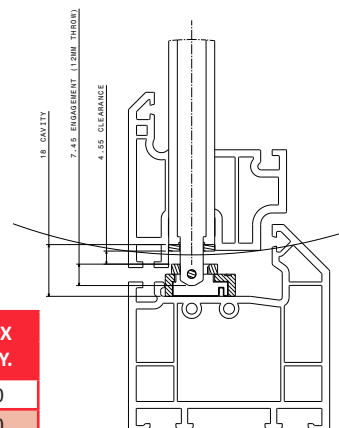

Specifications:

- **Excellent corrosion resistance** to EB1670:2007 Grade 4
- Tested to a minimum of 50,000 cycles with a 10-year mechanical guarantee for assured long-life
- **Keeps families & properties safe** - Secured by Design accredited & PAS24:2016 compliant
- **Quality assured** with BBA certification
- Made in Britain
