# Supa™ D-shaped Stainless Steel Pull Bar Door Handle

## PRODUCT INFORMATION

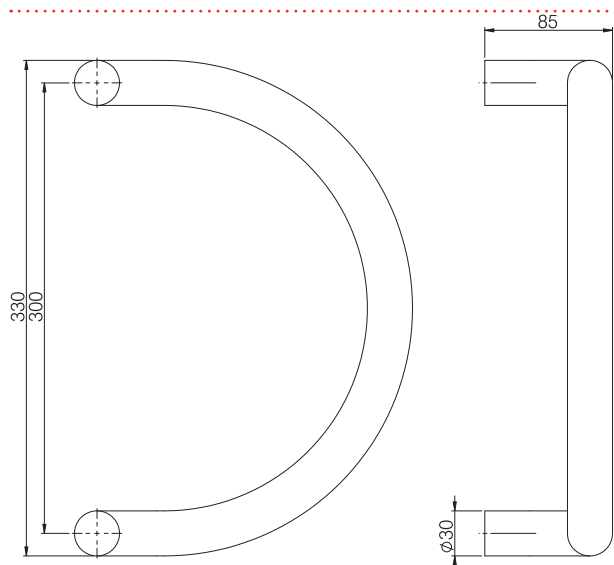

Take the strain out of opening heavy doors in both commercial and domestic properties with the super strong, super stylish Supa™ D-shaped pull door handle from Mila. Made from corrosion-resistant stainless steel, with long-lasting 25-year mechanical and surface finish guarantees, these pull door handles will go the distance.

- Modern design to enhance all types of doors including, composite, aluminium & timber
- Functional brushed stainless steel finish banishes finger prints
- Universal application for left- and right-handed doors
- Handle can be fitted two different ways with the Supa™ fixing kits (sold separately)
- Choose from through fix or back-to-back inline fix
- Manufactured from high-quality 304 grade stainless steel
- Bar length: 330mm

### How many fixing kits do you need?

The fixing kits for the Supa™ stainless steel door pull handle range come in pairs. For the D-shaped Pull Bar door handle you'll need 1 pair.
