

reXon 311 Handheld PU Foam

PRODUCT INFORMATION

This high-performance polyurethane foam provides a quick and easy way to seal and insulate joints and cracks against heat loss, drafts and noise. ReXon 311 foam will adhere to many common building materials, such as wood, concrete, stone, masonry, plaster, metal, glass, polyester, polystyrene foam and PVC. Please note, this product does not stick to polyethylene film, silicone or PTFE.

- Suitable for use indoors and outdoors (protect against atmospheric influences)
- Good resistance to chemicals, aging and temperatures from -40°C to 90°C
- Good sealing capacity
- Should be applied in temperatures between 5°C and 30°C
- High volume production – gives 35-40 litres
- Minimum counter-blow (low expansion)
- Ozone-friendly - free of CFK and HCFK
- Hardens under the influence of the humidity in the air
- Touch dry after 16 minutes
- Hard enough to cut, saw, sand and paint after 40 minutes
- Excellent adhesion to many surfaces
- 750ml can

PART NUMBERS

Colour	Beige-yellow
Part Code	FIF20001
Size	750ml can
Box Qty	12
