Flat Pry Bar

KENDO Your Professional Partner

PRODUCT INFORMATION

Whatever you need to prise open or apart, this professional-grade prying bar delivers just the right amount of controlled leverage to get the job done. The thin blade will fit into even narrow gaps to lift floor boards easily and take out windows cleanly with minimal damage to brickwork.

- Length: 375mm
- Made from hardened carbon steel
- Integrated nail puller
- Polish tips reduce the risk of leaving marks
