

Hardware to suit all folding door configurations and materials

Features:

- Complete range of hinges, handles, rollers and more
- High-quality components
- Strong and durable
- Smooth slide and open mechanism
- Fully tested to PAS 24

Supporting fabricators with essential product information and fitting advice

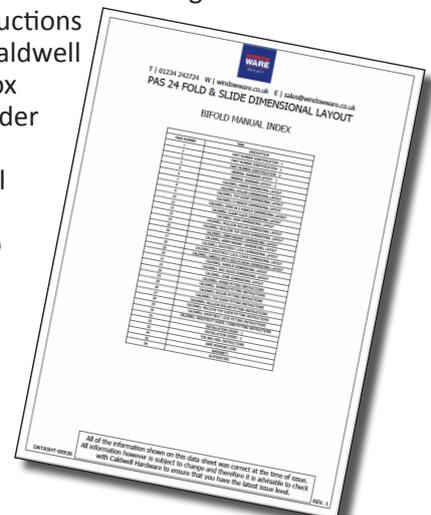

When you choose fold and slide hardware from Caldwell, you get quality assured products that deliver class-leading mechanical and security performance as standard. All parts are...

- ✓ Security tested to PAS 24
- ✓ Rigorously tested and quality manufactured according to BS EN ISO 9001:2015
- ✓ Designed and built for strength and durability
- ✓ Suitable for door panels up to 100kg and 1200mm wide
- ✓ Covered by a 10-year manufacturer's warranty
- ✓ Ready-to-go with all fittings, fasteners and clamp plates included where required
- ✓ Supplied in boxes of 10 (excl. shootbolt rods, end guides and cones)
- ✓ Available in 4 standard finishes: Black RAL9005, HIPCA White, polished chrome and brushed steel
- ✓ Versatile to suit most door materials and configurations

Want to know more? Our fabricators bi-fold manual has all the answers!

This highly-detailed 37-page document is available to download or request free of charge and contains comprehensive information designed to help fabricators with product selection, system build and correct fitting. Inside, you'll find:

- Example PAS 24 layouts
- Product dimension and technical drawings
- Step-by-step fitting instructions
- Routing details for the Caldwell bi-fold shootbolt gearbox
- Recommended install order for an example layout
- Bi-fold door toe and heel guidance
- Width to height ratios to prevent overload
- Manufacture warranty information
- Certifications and Trade Body memberships

CALDWELL Bi-fold Hardware

Count on smooth operation, secure shutting and consistent open-close performance for your fold and slide door systems with Caldwell's comprehensive range of bi-fold door hardware.

Caldwell Hardware UK Ltd has put over a century's worth of design and manufacturing experience into creating their latest range of durable, high-performance PAS 24-tested bi-folding door hardware.

These discreet rollers, hinges, handles and accessories are versatile enough to accommodate virtually every folding door configuration, no matter how many moving leaves there are or what the sliding doors are made of. They'll easily handle door panels weighing up to 100KG and measuring 1200mm wide, and last 25 years with regular use and maintenance.

Yale Bi-fold Ali Door Lock

28mm backset gearbox for Smarts and Exlabesa Profiles

Yale's top-selling multipoint door lock now comes in a 28mm backset gearbox to fit modern narrow door sets and the slim sightline profiles of today's increasingly popular aluminium bi-fold doors. Available in a **16mm eurogroove** version which works with Smarts and Exlabesa profiles. For fabricators that already know and prefer the Lockmaster brand, this latest offering lets them suite across their entire door range.

Key features

- Standard Yale-branded **16mm eurogroove faceplate** to suit Smarts and Exlabesa profiles
- Lockmaster renowned twin hook and anti-lift bolts for enhanced security, strength & usability
- Deadbolt centre with an easily reversible latch to minimise stock holding
- Pre-compression roller engagements cams achieve excellent weather-proofing
- 28mm backset with PZ92mm centre case
- **16mm eurogroove** slave mechanism for French doors also available
- Yale Lockmaster 28mm 1-piece handed keep also available with or without packers **for standard 16mm eurogroove lock**
- Quality manufactured in Britain
- Box quantity - 5 locks

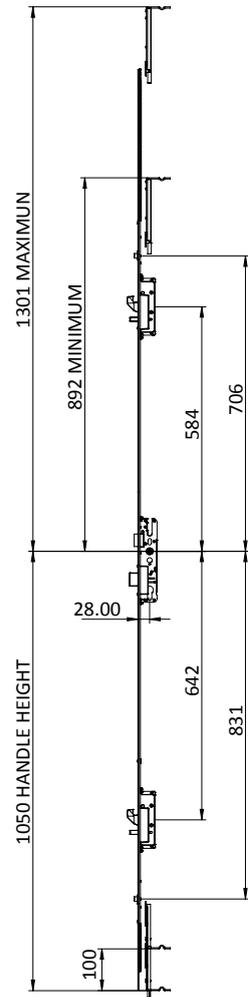

Guarantee & certifications:

- Secure - PAS24: 2016 compliant
- Long service - Tested to 100,000 cycles with a 10-year mechanical guarantee
- Trusted - Yale Lifetime Security Guarantee
- Durable - Anti-corrosion performance tested to BS EN 1670:2007 Grade 4 with a 10-year surface finish guarantee
