

## TTF Slimline Through-Frame Ventilator

The TTF aluminium trickle vent offers a slimline option, ideally suited to aluminium systems but can also be used in PVC and timber applications.

Whilst this vent is readily available in a range of off-the-shelf colours, it can also be painted to match any standard RAL colour.

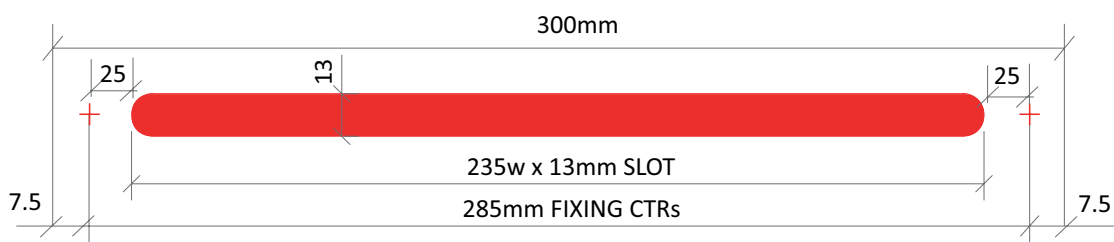

Model	Airflow (EA)	Length (mm)
TTF Slimline 300	2792	300
TTF Slimline 400	4069	400
TTF Slimline 600	5235	600
