

TTF Slimline Window Ventilator

Trickle vent to meet building regulations and match any RAL colour

The slender TTF Slimline aluminium through-frame window trickle ventilator from RW Simon is robust, durable and offers the perfect solution to securely ventilate a room and conform to building regulations while keeping the elements and insects out. This vent is available off the shelf in 6 popular colours and 4 textured finishes, but can also be custom coloured on request to match any RAL colour and work in harmony with most windows.

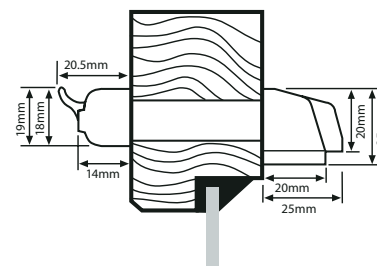

Key features:

- Supports compliance with Approved Document F 2021
- Easy installation & can be retro-fitted
- Semi-permanent trickle operation available
- Marine Grade 60-80 microns as standard
- Can be custom colour matched to any RAL colour on request. Please note paint charge applies.

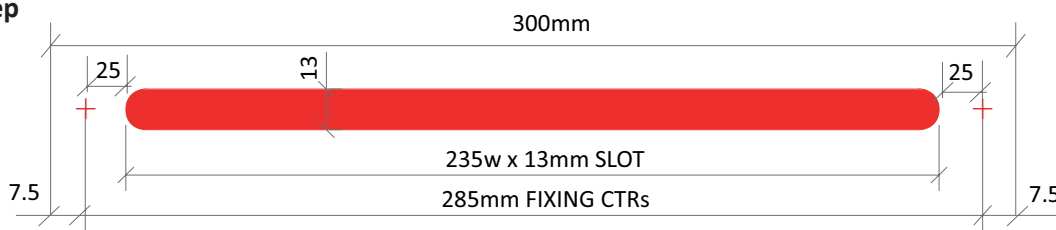

Specifications:

- Water tightness of 400pa
- Ventilation performance independently tested in accordance with BS 13141-1:2019
- Independently acoustically tested in accordance with BS EN 20140-10:1992, ISO 140-10:1991
- Weather performance tested in accordance with BS EN 1026:2016 & BS EN 1027: 2016
